PROFESSIONAL SKILLS	Excellent Communication| | Creativity | Decision Making | Collaboration | Team work | Problem solving | Strategic Thinking | Time management | Adaptability | Continuous learning
TECHNICAL SKILLS	JavaScript | HTML5 & CSS3 | ReactJS| NodeJS | ExpressJS | MongoDB| Firebase | RESTful API Integration |GIT & Version Control | TailwindCSS | Redux | Python | SQL | PostgreSQL

WORK EXPERIENCE

SOFTWARE DEVELOPER INTERN   *CODESOFT | 10/03/2024 – 10/04/2024*

- Developed "Bookify," a MERN stack booking app facilitating accommodation browsing and booking.
- Employed MongoDB, React for front-end, and Node.js with Express.js for back end.
- Added search, booking, and listing features.
- Improved user engagement via interface enhancements.
- Enhanced security with authentication measures for data privacy.

IT INTERN   *OCF INTERNSHIP PROGRAM | 1/06/2024 – Present*

- Participated in the OCF Internship Program, placed in the IT department.
- Engaged in various IT-related tasks, including troubleshooting hardware and software issues.
- Assisted in maintaining IT systems and ensuring smooth operation.
- Coordinated with outsourced IT service providers to resolve system issues.
- Developed insights into the practical applications of IT in a professional environment.
- Attended workshops and training sessions to enhance IT knowledge and professional skills.

PROJECTS

Bookify   *01/2024*

This is a MERN stack booking app where users can browse and book accommodations. Features include search, book accommodations, and list places for booking.
| Full-stack developer | https://appbookify.netlify.app/

E-Shop   *09/2023*

Created an e-commerce site with Express.js API and MongoDB. Users can add items to their cart and securely access it. Focused on enhancing security through authentication and authorization. Proficient in React, Express.js, MongoDB, and API development.
| Full-stack developer | https://my-e-commerce-shop.netlify.app/?#/

EDUCATION

BACHELOR OF SCIENCE IN APPLIED COMPUTER SCIENCE | KCA University, Nairobi, Kenya   *08/09/2021 - Current*

Data Structures and Algorithms, Object-Oriented Programming, Networking, Software Development Life Cycle, Advanced Application programming, Advanced Web development

---
